

DELPHIN at the German Federal Parliament

Plus X Award

Dear PROAIR Associates,

Another significant Milestone has been reached.

All our efforts in technical research and detailed development, as well as high quality at provided DELPHIN materials and production has been recognized by receiving the world most important award.

As already informed a few weeks ago the world biggest award for innovative minds "Plus X Award" has rewarded the DELPHIN into four categories:

Additionally the Plus X Award Jury rewarded the DELPHIN also as the Best Product of the Year 2014. This award is given to a product that receives more individual category seals of approval than other comparable products within its product category.

DELPHIN at the German Federal Parliament

On June 5th our Executives have been invited at the German Federal Parliament to receive the Plus X Award by the Jury of the Plus X, consisting of international elite industrial.

Further companies like B&O, BOSE, Kawasaki, Phillips etc. have been nominated during this year ceremony.

It is worth to mention again and again that these rewards made all of us extremely proud.

It is a reward for our engineers, our creative minds and our people at the production line who daily give their best to secure for you, Dear Associates, the Best Product of the Year 2014.

As we perfectly know we have the best Importers in the world and the best sales associates worldwide, which makes us highly proud as well, we combine now the best business people - YOU - with the Best Product of the Year 2014 - DELPHIN -.

The result of this combination is our target and our mission, to become the Number 1 in the world with all of you!

Yours sincerely,

PROAIR GmbH
